

SEAT PRODUCTS - C.E. White Co.

STUDENT SAFETY SEAT™ child restraint

C.E. White's renowned Child Restraint Seat is available as an integral part of the new 3-point Student Safety Seat™. This double-duty design gives you safety and versatility that is unequaled in the school bus industry.

Portable child restraint seats are cumbersome and inefficient. C.E. White's integrated all-in-one seat is simple, compact, neat, durable and is fast and easy to operate. There's nothing to carry or store when not in use. And there is simply less risk of injury... to anyone.

Features of the Child Restraint

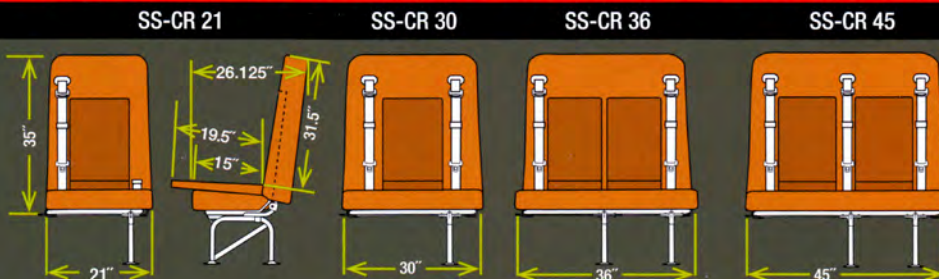

Seat insert:

- For children 20 to 60 lb.
- Proven in extensive school bus use since 1994.
- Exceeds all Federal, State and Canadian safety standards.
- Available in 21" and 30" wide Student Safety Seat™ with one insert, 36" and 45" with two inserts.
- Automatic Belt Tension adjustment for ease of operation and proper belt adjustment.
- Standard school bus vinyl and colors, or Kevlar, Prevail™ or ProForm™ fireblock.

Shown with added CrossChex™ harness for additional securement
