

SEAT PRODUCTS - COVERS & FOAM

OEM & AFTERMARKET BUS SEATING MOLDED FOAM REPLACEMENT BACK PADS

- Complies with FMVSS-222 and FMVSS-302
- Promotes greater rider comfort
- Is constructed from a standardized moded rebond part
- Uses fewer glue seams
- Applies zero virgin foam in critical head area
- Incorporates high-density rebond foam that will NOT SOFTEN over the frame
- Passes a strenuous 250,000-cycle corner flex-fatigue test, which simulates years of heavy use, with no sign of breakdown
